YOUR SUCCESS IS OUR PRIORITY

Oxford Enlight Education E-Book

Our Mission

At Oxford Enlight Education, we recognize the importance of equipping students with the necessary skills and knowledge to excel in their academic pursuits. Our programs are carefully designed to provide a comprehensive and well-rounded education, blending theoretical knowledge with practical application. We offer a wide range of courses and programs across various disciplines, allowing students to explore their passions, develop critical thinking skills, and expand their intellectual horizons. We believe that education is not confined to textbooks and classrooms alone. At Oxford Enlight Education, we foster a holistic approach to education, encouraging students to engage in extracurricular activities, leadership development, and community service. We believe that these experiences are essential for personal growth, character building, and developing individuals who are prepared to make a positive impact in society.

About us

Welcome to Oxford Enlight Education, where academic excellence converges with personalized mentorship. Dedicated to unlocking each student's potential, our tailored mentorship programs connect individuals with accomplished academics, researchers, and professionals, fostering an environment of personalized learning and growth.

Our 1:1 mentorship approach ensures close collaboration with mentors who provide invaluable insights, share expertise, and inspire students to explore new ideas and achieve academic success. Complementing this, our comprehensive curriculum blends theoretical knowledge with practical application across various disciplines, allowing students to explore passions and expand intellectual horizons.

Beyond traditional education, Oxford Enlight Education guides students through every academic step, from university applications to building standout portfolios. Our success in placing students in top-tier universities globally reflects our commitment to comprehensive support.

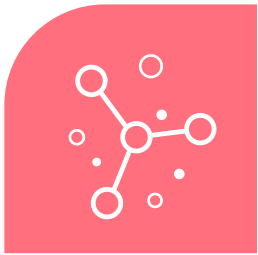

Embracing a holistic educational philosophy, we encourage extracurricular engagement, leadership development, and community service. Our services include 1:1 mentorship, personalized courses and educational applications, access to a library featuring academic research papers and books, and core assessment and training programs.

Oxford Enlight Education stands as your partner in academic and personal growth, providing a supportive environment that shapes the leaders and innovators of tomorrow.

2

Our services

We offer a comprehensive range of services, aimed at elevating student's academic success.

OXenLight Research:

Experience personalized 1:1 mentorship to explore your chosen research topics and stand out from the rest in your college application.

OXenLight iLearn:

Explore a diverse selection of courses and educational applications tailored to offer you a well-rounded and in-depth understanding of your chosen field.

OXenLight Scholar:

Access academic resources through our extensive online library, empowering you with a vast array of knowledge at your fingertips.

OXenLight Core:

Enroll and engage in tasks and assessments, to boost the core skills essential for academic and career success.

3

OXenLight Research

Enrolling in OXenLight Research opens doors to a multitude of advantages, ensuring an enriching experience in academia, future successes during university admissions and beyond. Below, you will discover why OXenLight Research holds paramount significance for those seeking to embark on a journey of academic excellence and transformative learning:

Develop Essential Skills

Sharpen essential research skills at OXenLight Research for a smooth college transition, gaining critical thinking, analytical prowess, and polished writing skills crucial for university challenges.

Guidance from Experts

Gain mentorship from experienced PhD and faculty mentors at OXenLight Research. Collaborate with renowned minds in groundbreaking work, shaping your ideas into top-tier research material.

Distinguish in Admissions

In the competitive college admissions, OXenLight Research sets you apart. Tertiary-level research integration showcases your motivation, engagement, curiosity, and passion for learning.

Ignite Your Aspirations

OXenLight Research transforms your aspirations into impactful contributions, cultivating a future distinguished by excellence across varied research domains such as space exploration, stock markets, cancer solutions, and beyond.

OXenLight Research Packages

Research Primer (10 hrs 1:1 sessions)

Explore via Literature Review and write up.

Research Pro (20 hrs 1:1 sessions)

Includes everything from Research Primer package plus analysis of secondary data.

Research Masterclass (45 hrs 1:1 sessions)

Includes everything from Research Pro package plus methodology implementation and first hand data collection.

Research Excellence (50 hrs 1:1 sessions)

Includes everything from Research Masterclass package plus publication support.

We understand that each student's needs vary. Students have the flexibility to customize the package hours based on their preference, allowing to adjust and choose the number of hours that best align with the learning requirements. If you choose to upgrade to another package you may do so. This allows you to select the optimal number of hours and the package that best align with your learning objectives and academic goals.

You will find more details for each package in the following pages.

3.1

Research Primer

This program serves as your gateway to the world of excellence in academia and research. You'll dive into the foundations of academic inquiry by conducting a comprehensive literature review on your chosen research interest. A literature review involves exploring and assessing existing literature within a specific subject or chosen topic. Typically positioned at the outset of theses and research papers across various academic fields. Literature reviews form a critical foundation for scholarly work. This program equips you with the skills and knowledge needed to formulate critical research questions.

Research Primer

Explore via Literature Review

Strategic Planning

Collaborate with your mentor to plan and structure the literature review, outlining the key steps for a comprehensive exploration of your chosen topic.

Topic Selection

Work closely with your mentor to choose a research topic aligned with your academic interests and goals.

Research Questions and Hypotheses

With guidance from your mentor, articulate clear research questions and hypotheses that will form the foundation of your study.

Literature Review

Conduct an in-depth literature review, critically analyzing existing research under the mentor's expert guidance.

Conclusive Insights

With mentorship, synthesize your findings into conclusive insights, bringing your literature review to meaningful conclusions and insights.

Price

£2,400

The package encompasses 10 hours of personalized 1:1 sessions with your assigned mentor

3.2

Research Pro

For those ready to take the next step, our Research Pro program empowers you to evolve from a novice researcher to a proficient scholar. You will investigate a research topic, delve into data analysis, and craft a compelling scientific paper under the guidance of expert mentors.

Research Pro

Investigate, Analyze and Write

Strategic Planning

Plan and strategize the structure of your literature review under the expert guidance of your mentor.

Topic Selection

Choose a topic aligned with your interests and research goals, with mentorship to refine your selection.

Research Questions and Hypotheses

Work with your mentor to formulate precise research questions and hypotheses for focused investigation.

Literature Review

Conduct and write a comprehensive literature review, refining your analytical skills with mentor support.

Data Analysis

Acquire hands-on experience in analyzing secondary data with mentorship to navigate complexities.

Conclusive Insights

Summarize your findings and draw meaningful conclusions, guided by your mentor throughout the process.

Price

£4,650

The package encompasses 20 hours of personalized 1:1 sessions with your assigned mentor

3.3

Research Masterclass

Take your research journey to the next level with our Research Masterclass program. You'll investigate a research topic comprehensively, delve into research methodologies, collect and analyze data, and culminate your efforts in crafting a scientific paper.

Research Masterclass

Explore, Methodize, Collect, Analyze and Write

Strategic Planning

Plan the structure of your paper under the expert guidance of your mentor.

Topic Selection

Choose a compelling and relevant topic aligned with your academic interests and research aspirations.

Research Questions and Hypotheses

Develop focused research questions and hypotheses with the support and insights of your mentor.

Literature Review

Conduct an in-depth and critical literature review, refining your understanding of existing research with the guidance of your mentor.

Methodology Implementation

Collaborate with your mentor to design and implement your own research methodology and experimentation.

Data Collection and Analysis

Gain practical experience in collecting first-hand data for your research project and acquire skills in analyzing both first-hand and secondary data, ensuring a comprehensive research approach.

Conclusive Insights

Summarize your findings and draw conclusions through effective and impactful writing, guided by your experienced mentor.

Price

£9,575

The package encompasses 45 hours of personalized 1:1 sessions with your assigned mentor

3.4

Research Excellence

Under the mentorship of distinguished scholars, you'll engage in cutting-edge research, refine your methodology, collect and analyze data rigorously, and ultimately prepare your work for publication in esteemed journals.

Research Excellence

Research and Publication

Strategic Planning

Work closely with your mentor to strategically plan and structure your comprehensive literature review.

Topic Selection

Choose a topic of interest that aligns with your academic goals and research aspirations.

Research Questions and Hypotheses

Develop and refine your research question and hypotheses under the guidance of your mentor.

Literature Review

Conduct and compose a critical literature review, honing your skills with mentor support.

Methodology Implementation

Implement your own methods and methodology by creating a well-designed experiment.

Data Collection and Analysis

Gain hands-on experience in collecting both first-hand and secondary data, refining your analytical skills.

Conclusive Insights

Summarize your findings and insights into a cohesive conclusion with the guidance of your mentor.

Publication Support

Receive expert support for publication, ensuring your paper meets the standards of esteemed academic journals.

Price

£10,125

The package encompasses 50 hours of personalized 1:1 sessions with your assigned mentor

4 OXenLight iLearn

Enrolling in OXenLight Research gives you the opportunity to explore a comprehensive selection of courses and educational applications at OXenLight iLearn, meticulously crafted to cater to diverse academic interests. Our commitment to personalized learning ensures an educational journey that aligns seamlessly with your individual aspirations and academic goals, providing a transformative experience that goes beyond conventional boundaries.

5 OXenLight Scholar

Embark on your research journey with OXenLight Scholar, where our OXenLight Research students gain privileged access to an extensive online library. Delve into a rich collection of scholarly articles, research papers, and books carefully curated to enhance and complement your academic exploration. Our commitment to fostering a culture of continuous learning is reflected in this vast repository of knowledge, providing invaluable resources for your research endeavors.

6 OXenLight Core

Enrich your academic and professional journey by immersing yourself in a variety of engaging tasks and assessments. Our tailored training programs are designed to enhance the executive functioning core skills including attention and working memory for both academic excellence and career success. Through personalized initiatives, you'll have the opportunity to elevate your cognitive abilities, setting a solid foundation for your continued growth and achievement.

7

Common Questions & Answers

01 “Can I pick any field for my OXenLight Research project?”

Absolutely! You have the flexibility to select any domain or discipline.

02 “Can I upgrade my research package?” 03 “Can I customize the hours of my research package?”

Yes. You can upgrade to another package, ensuring the most suitable package for your learning objectives and academic goals.

Yes, you have the freedom to tailor your package hours to your preference, adjusting the number of hours to align with your learning requirements.

04 “Can I access OXenLight iLearn, Scholar and Core if I am not enrolled in OXenLight Research?”

Access to OXenLight iLearn, Scholar, and Core is exclusively granted to students enrolled in OXenLight Research. Enroll in OXenLight Research to unlock these services, propelling yourself toward excellence in both your academic and career pursuits.

05 “What happens after I sign up?”

Your mentor, matched to your field of interest, will guide you through 1:1 sessions to complete your research project during your package sessions, building the necessary knowledge for your chosen research field. Refer to Section 3 for package-specific details.

8

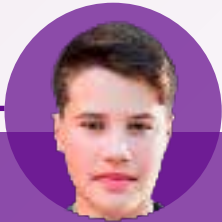

Students Testimonials

Some of Our Students' Success Stories

“Oxford Enlight Education Research Program in Computer Science not only delved into the intricate world of technology but provided exceptional mentorship, guiding me through complex concepts and hands-on projects. It's been a transformative experience that has solidified my passion for technology, leading to the publication of my research and admission to MIT.”

Emily J.
USA

James C.
UK

“Oxford Enlight's Sustainable Practices and Ecological Conservation Research Program has been transformative. My mentor blended creativity with the scientific aspects of ecological conservation, expanding my perspective and opening doors to innovative possibilities. The program's impact is evident in the publication of my research and admission to Cambridge University.”

Priya P.
India

“Enrolling in Oxford Enlight's Research Program in History and Law significantly broadened my understanding. The mentor's expertise and personalized guidance enriched my legal knowledge and honed my critical thinking skills. Truly an invaluable experience, contributing to the publication of my research and successful admission to Harvard University.”

Li W.
China

“The Research Program at Oxford Enlight Education provided an immersive journey into cancer research. The mentor's support was instrumental in navigating the complexities of medical research, leading to a significant contribution in the field. It's been a stepping stone toward my dream of contributing to the field of oncology, culminating in the publication of my research and admission to UCL.”

“Oxford Enlight Education is proud to witness the global success and recognition achieved by our students. Their testimonials not only reflect the essence of our commitment to providing a transformative and enriching educational experience but also highlight their achievements through publications and admissions to prestigious universities worldwide.”
